REVENUE REGULATIONS NO. 11-2007 issued on August 28, 2007 suspends until further notice the implementation of Revenue Regulations (RR) No. 6-2007 entitled “Consolidated Regulations on Advance Value-Added Tax on the Sale of Refined Sugar, Amending and/or Revoking All Revenue Issuances Issued to this Effect, and for Other Related Purposes”.

The suspension aims to give time to both the Bureau of Internal Revenue and the sugar industry to thresh out unclear provisions in RR No. 6-2007, and to introduce improved version of the Regulations to properly address the problems of the sugar industry and collect the correct taxes due from them.
