3. Based on the OTAR for a motel, the concerned RDO shall then notify the motel operator of the proposed additional output tax to be paid for each month. The letter prescribed in Annex C of this Order shall be used for this purpose.

4. Upon receipt of the notification from the RDO, the motel shall have the option of amending its VAT Returns for the months in question, and pay the corresponding additional output tax, within ten (10) days from receipt of the notice, in order to avoid the imposition of penalties and surcharges mandated under the National Internal Revenue Code and the issuance of a Mission Order to conduct surveillance as discussed in item number 5 below. The amended VAT Return(s) shall take into account not only the additional gross sales from its room occupancy operations but shall also cover the gross sales/receipts from the other operations (food, etc.) mandated under the National Internal Revenue Code.

5. The RDO having jurisdiction over a motel that opts not to pursue in the amendment of the VAT returns shall recommend to the Regional Director for the issuance of a Mission Order for the conduct of surveillance activities or other appropriate enforcement
measures on the concerned motel in order to determine its true and correct tax liabilities. “Surveillance activities or other appropriate enforcement measures” may include the posting of BIR personnel on the premises of the concerned motel, to determine the volume of business transactions entered into by the establishment over a given period of time.

6. Surveillance activities for a particular motel shall be conducted over a period of not less than ten (10) days. An RDO that has been authorized by the Regional Director to conduct surveillance or any other enforcement measure for a particular motel shall, within five (5) days following the conclusion of the surveillance activity / enforcement measure, submit a written report on the results of the operation, through the Regional Director concerned.

7. Should the surveillance activity / enforcement measure disclose the understatement of taxable gross sales by thirty percent (30%) or more of the motel’s correct taxable sales for the taxable quarter, the motel shall be considered subject to the “Oplan Kandado” procedures prescribed in Revenue Memorandum Order No. 3-2009.

8. Nothing in this Order shall preclude the Commissioner of Internal Revenue from ordering a more thorough investigation of any motel, in order to determine its true and correct tax liabilities, should the evidence so warrant.

9. The imposition of sanctions against a motel under the Oplan Kandado Program, shall not preclude the Bureau from filing the appropriate tax evasion charges under the Run After Tax Evaders (RATE) Program , if evidence so requires, against the concerned motel or the responsible officers of the establishment.

IV. REPORTING REQUIREMENTS

All Revenue District Offices with motels and other similar establishments in their jurisdiction shall submit to their Regional Directors a Monthly Report of Accomplishment not later than five (5) days following the end of each month. The format in Annex D shall be followed for this purpose. The Regional Directors shall then consolidate all the reports submitted and transmit the same to the Commissioner of Internal Revenue and Deputy Commissioner (Operations Group) not later than ten (10) days after the end of each month.

V. REPEALING CLAUSE

All Orders, memoranda and other revenue issuances which are inconsistent with this Order are hereby revoked, modified or amended accordingly.

VI. EFFECTIVITY

This Order shall take effect immediately.
